

TELESCOPE SIGHTS

MOSSBERG

Literally revolutionizes shooting. Insures accuracy and increases enjoyment. Eliminates guess work and insures closer shooting.

Four power magnification. Rapid focusing adjustment. Wide field of view, approximately 20 feet at 100 yards. Fine click adjustment for both windage and elevation, give $\frac{1}{4}$ min. adjustment at 100 yards. Medium fine cross hair reticle, .001 inch hairs. Five lens optical system gives good illumination and clear definition without distortion or objectionable color fringe. Cross hair reticle moves in flat plane both horizontally and vertically. External adjustment for obtaining sharp definition of cross hair reticle. Adjustments in mount to compensate for any errors in mounting scope on rifle. Graduation ring (for .22 short high speed and .22 long rifle regular) to give instant elevation adjustments for 25, 50, 75 and 100 yards without changing original adjustment base will fit octagon as well as round surfaces.

Adapted to No. 151 Mossberg Rifle

Length 14 $\frac{1}{4}$ inches.

LO-SWING SCOPE MOUNTS

PACHMAYR

Guaranteed to hold zero. Mounts low on receiver and swings to side instantly for use of iron sights.

Built-in latch holds scope into firing position but allows for instant swinging scope out of the way.

Top clip loading by swinging scope out of the way, then snap scope back in place for immediate scope use.

Rigid—Base is form-fit for all receivers. Contact points between upper and base mount parts are hardened and ground 60° male and female cone. Recoil parallel to bore.

Versatile—The precision of old-fashioned one-piece mounts plus the added advantage of the swing feature.

Will Fit Any Type Rifles

Top grain pliable cowhide is not greasy or oily. Eyelet set brass hook.

LO-SWING SCOPE MOUNTS

PACHMAYR "TOP"

Top Mounted

Designed for faster installation because it is made to fit factory pre-drilled and tapped receivers. Built-in latch holds scope in rigid firing position, but allows for instantly swinging of scope out of way when iron sights or clip loads are to be used. A simple turn of the knurled finger nut detaches scope.

Perfect alignment. Regardless of how often the scope is swung to the side, or removed, mount always swings back to absolute zero.

Not interchangeable with regular Lo-Swing mounts.

Loose

GUN AND TOOL CLOTHS

SILICOTE

Waterproofs and polishes in a single easy application. Prevents finger prints, salt air, salt water corrosion and rust. Provides an impermeable, invisible coat that will not thin, melt or stiffen at any temperature. Leaves no greasy residue or lint.

For use on guns, tools, precision instruments, golf clubs, fishing rods and reels. Will protect any type of surface or material from rust, corrosion or any natural deterioration.

Silicones are produced from silica or quartz sand, and are actually liquid sand or glass, chemically inert and impervious to the destructive forces of nature.

Size of cloth 12x18 inches.

Each	Each
G4118D D5C6	\$0.89

One in env. Twelve in counter display ctn. Wt. ctn. 1 3/4 lbs.

CLEANING PATCHES

OUTERS

For cleaning all firearms, after firing. The fabric is a specially selected weave of clean white cotton flannel. The sizes are correct for rifle, pistol, revolver or shotgun bores specified. The sealed tin top cans carefully protect the patches until used. Carried in five round sizes.

LEATHER CONDITIONER

LEXOL

Restore nourishing oils to genuine leather.

Recommended for cleaning, polishing and preserving all types of leather articles including boots and shoes (all colors), saddlery and harness, golf bags, book bindings and camera, gun, rod and instrument cases and straps, coats, jackets and flying suits.

Will not soil clothing because it is completely absorbed by leather.

Capacity 4 Ounces

Per Ctn. (12) **F2228D X3D60**.....\$0.50

Twelve in ctn. Wt. ctn. 7 lbs.

NEATSFOOT OIL

BLUE RIBBON

Waterproofs and softens all leather goods, such as boots, shoes, harness, leather belting, etc.

Also preserves and adds new life to all leather surfaces.

Easy to use—wash with soap and water or clean with gasoline if necessary—then rub Blue Ribbon Neatsfoot Compound into the pores and let dry.

STAR ★ DENOTES BEST SELLER

DUCK AND GOOSE CALLS CAJUN

These Cajun game calls have the same five piece construction as the best hand made calls used by the French speaking Cajun guides of South Louisiana. This design allows the reed and the cedar trough to be adjusted independently for effective tuning.

Two piece hardwood barrel sealed inside and out for moisture resistance. Durable hand rubbed walnut finish. Special impregnated treated red cedar inner wooden parts, will not change shape or become rough when wet and prevents tone changes due to dampness. Cedar wedge holds the hard rubber reed and trough in the inner barrel so that the whole unit can be removed from the outer barrel without disturbing the adjustment of the reed and trough.

Each Duck
G4155D (CD) X1D35★ \$2.25
Twelve in counter display box

Each Goose
G4156D (CG) X1D78★ \$2.95
Twelve in counter display box

DUCK CALLS GREEN HEAD

Adjustable-tone feature. No disassembling of call to make reed adjustments.

Made of black and green plastic with stained wooden barrel.

Has two extra strength reeds—Easy to interchange.

Each
G4174D X3D60 \$6.00
One in box. Wt. box 3/4 lb.

LOHMAN

Hand made by craftsmen for true tone and beauty.

Black walnut shell with cherry insert. Special waterproof treatment. Natural finish. Composition reeds. Length 4 3/4 inches.

Each
G4153D (103) X1D20★ \$2.00
One in box. Wt. box 3 ozs.

SCOTCH

No blowing—simply shake or depress the call. Produces melodious, authentic tones.

No moisture condensing. Rugged neoprene diaphragm and hand-finished hardwood sounding throat.

Complete with instructions.
Each
G4176D X4D50 \$7.50
One in box, twelve in ctn. Wt. ctn. 7 1/2 lbs.

DUCK CALLS FAULK'S

Regular

Choice walnut. Waterproof. Hand tuned. Extra improved groove for better tying and balance call.

Each
G4184D (WA11) X1D17 \$1.95
Twelve in ctn. Wt. ctn. 1 1/2 lbs.

Special

Walnut barrel reinforced with metal band. Waterproof. Hand tuned—perfect tone. Extra improved groove for better tying and balance call.

Each
G4185D (WA22) X1D77 \$2.95
Twelve in display ctn. Wt. ctn. 1 1/2 lbs.

GOOSE CALLS FAULK'S

Popular

Plastic and wood barrels. Waterproof. Hand tuned for natural and realistic tone. Can be used to call all species of geese.

Each
G4140D (PL-22) X1D77 \$2.95
Twelve in ctn. Wt. ctn. 1 1/2 lbs.

CROW CALLS FAULK'S

Walnut barrel and cedar troughs. Waterproof. Hand tuned—perfect tone for long and short distance calling. Extra improved groove for better tying method and balance call.

Each
G4142D (C-50) X1D50 \$2.50
Twelve in ctn. Wt. ctn. 1 1/2 lbs.

GREEN HEAD

Adjustable tone—can imitate high calls of young crows and lower calls of old crows without having to disassemble the call.

Simply turn the barrel and there is a full scale of tones.

Made of green and brown plastic.
Each
G4172D X1D80 \$3.00
One in box. Wt. box 3/4 lb.

STAR ★ DENOTES BEST SELLER

PREDATOR CALLS FAULK'S

Call in Fox, Crows, Hawks, etc.

Walnut barrel with metal sound tube which produces distress call of rabbits or other small animals. Hand tuned. Waterproof. Extra improved mouthpiece for better tying method and balance call.

Each

G4168D D4C5 \$0.69
Twelve in box. Wt. box 3/4 lb.

HAND TRAPS

MOSSBERG

Covey

Throws 1, 2 or 3 standard clay targets.

Provides next best thing to real field shooting.

Simple to operate. Made of aluminum. Light and portable with no moving parts. Long rubber lined tracks give clay birds an effective stabilizing spin which sustains their flight. Retaining spring along track holds clay birds in track minimizing chances of breakage.

Throw at any angle, in any direction, at various speeds. Carries up to a distance of 60 yards.

Can be operated right or left handed. Removable handle locks inside frame for compact carrying.

Overall length when set up 37 inches.

Complete instructions in box.

Each	Each
G4255D (C1) X7D40	\$9.95
One in box. Wt. box 1½ lbs.	

REMINGTON

This trap is the finest medium for teaching proper gun pointing, and the self-conscious beginner can be introduced to shooting in some secluded spot away from the critical eyes of an audience. The automatic feature eliminates maximum effort and allows the most difficult targets to be tossed with a mere swing of the body. High rotation and precise direction is easily obtainable by the most inexperienced. Its normal range is 65 yards. Handle is made of genuine American walnut with non-slip grip. Rustless cadmium plated metal parts.

Each	Each
G4228D (HT) X3D85★	\$4.90
Three in case. Wt. case 5¼ lbs.	

HAND TRAPS

WESTERN

Enables an individual to throw targets by hand. One can throw easy targets for the beginner, or difficult targets for the skilled shot. Can be used anywhere and at any time; there is no limit to the variety of possible shots that can be obtained. A trap which offers friendly competition, and a chance for children and friends to learn as well as offering a lot of practice for yourself small enough to fit into a handbag, yet it utilizes the same type of carrier found on the famous Western Automatic Trap.

Each	Each
G4230D (WHT) X4D25★	\$5.50
One in individual ctn. Wt. ctn. 1¼ lbs.	

TARGET TRAPS

SHERIDAN

For both pneumatic and casual .22 practice. Ideal for indoor and outdoor shooting. Handle for portability—also wall hanger and flat base. Metal with baked enamel finish.

Height 10 in. Width 6½ in. Depth 4 in.

TARPAULINS

EAGLE DOUBLE TREATED

Unconditionally Guaranteed For One Full Year

Exclusive double treatment—first with resin, then with vinyl and aluminum—provides a tarpaulin of greater water and rot resistance. More flexible in cold weather. Reflects 90% of sun and heat rays. Higher thread count means no pin holes. Triple sewed seams. Double sewed hems. Rope-in-hem takes stress off canvas—grommets won't pull out.

STAR ★ DENOTES BEST SELLER

PICNIC STOVE

COLEMAN

Compact and rugged, delivers fast cooking heat at minimum operating costs.

Outstanding Features

Instant Lighting—Never-fail performance. Just strike a match, turn the valve and it is ready to cook.

Real Gas Cooking—Just like using a burner on the gas kitchen range at home.

Heat Instantly Regulated—Low, medium or any number of cooking variations available at the turn of valve.

High Heat Efficiency—Floating aluminum burner bowl reflects heat upward. No direct contact between bowl and stove. Air cushion reduces heat transfer and bowl quickly puts more heat into cooking.

Lightweight—Compact, only 4½ pounds net with two full fuel cartridges. Over-all size 12 inches wide, 7 inches deep, 5 inches high. Easily stored in small space or in the Coleman carrying case-camp table.

Fuel is Special Blended Coleman L-P Gas Fuel in Cartridges—Two full cartridges packed with each stove.

Special No-Slip Catch—Holds fuel cartridge firmly in place. Safe to operate. No adjustments to make. No delicate connection to get out of order. No leaking fuel.

Low Cost Operation—Two hours of cooking service at full heat from each cartridge of Coleman L-P gas fuel.

Easy to Keep Clean—Chromium plated grill snaps off for easy cleaning. Durable green baked enamel finish easy to wipe clean.

Each	■ Each

CHARCOAL BASE

CHAR-BASE

Makes a Better Fire Faster

Volcanic rock base that insulates and protects grills and cuts charcoal consumption by at least 25%. Allows fire to breathe, makes fire-lighting simple. Will not pop, crackle or become mushy when wet. Absorbs drippings, reduces flareups, holds heat steady. Can be used over and over. Ideal soil conditioner. Popcorn white—in colorful transparent bag.

3 lb. Bags
